OCAN Consumer Self-Assessment

Have your own voice heard

This organization uses OCAN to understand your needs. We invite you to complete this brief self-assessment that captures areas of your life where you need support and where things are going well. Completing the self-assessment helps us to focus on services that support the needs you have identified.

You decide what you would like to share

The self-assessment is optional. When completing the self-assessment, you can choose not to respond to questions you're not comfortable with. Your decision on whether or not to complete all or parts of the self-assessment will not change the services you're accessing.

Why we encourage you to complete the Self-Assessment:

- Gives you a voice by capturing your perspective
- Services and supports are directed to areas that are most important to you
- You only need to respond to questions that you feel comfortable discussing

<p><u>INSTRUCTIONS:</u></p> <p>The self-assessment covers 24 life domains or areas of your life. The following steps will help guide you to complete the assessment. Let your worker know if you need help.</p> <ol style="list-style-type: none"> 1. Read the first life domain in the assessment e.g. (Accommodation) and consider your needs in that area of your life. 2. The questions just beneath the domain are there to help you think about whether this is a problem (area of need) and whether you're getting the help you need. 3. Check off one of the four boxes identifying your need rating in that domain using the definitions below. Notice that one of the boxes you can tick off is "<i>I don't want to answer</i>". Feel free to tick this box off for any domains you don't feel comfortable answering. 4. You are encouraged to provide comments so your worker can better understand your situation. 5. Following the 24 domains, there are 5 questions. Responding to these questions will capture what's important to you, your strengths and your recovery goals.
